Phone Scam...**BEWARE!**

There is a new phone scam being reported in the area that you need to be aware of. If you receive a call from someone claiming to be from the Social Security office, **BEWARE!** This latest scam involves someone pretending to call from the Social Security office to let you know you have a benefit coming and they need your personal account information to direct deposit your benefit. **DO NOT** give out your credit union account information or any other personal information to anyone over the phone, neither the credit union nor the Social Security office would ever call you requesting that information.

If you have been a victim of this or any other phone scam, contact your local law enforcement office. Do not hesitate to call even if you are suspicious of a call you have received.
