## Invest in America Auto Loan Program

Rogue River Community Credit Union has joined the national “Invest in America” program, offering credit union members cash rebates and discounts on eligible new GM and Chrysler vehicles. This program gives us the chance to help our members save even more on the purchase of their new vehicle, and it demonstrates how the cooperative nature of the credit union benefits the local economy.

RRCCU is eager to offer this benefit to our members. We are offering great low rates on our new auto loans as low as 6.00% APR for up to 84 months. If a new auto isn't in your future, we can also help you purchase a used vehicle. Our great low auto rates on both new and used autos give you the chance to purchase a vehicle with payments you can afford. Stop by or apply online today at [www.rrccu.com](http://www.rrccu.com).

## National Credit Union Youth Week

Join us this year as we celebrate National Credit Union Youth Week from April 19-25. It is important to teach your children at an early age the how important it is to save. Teach them the “Magic of Saving” with a credit union savings account. By bringing your child to the credit union to make routine deposits into their accounts, they will certainly be able to see how their money will magically grow!

Get your kids started right financially and see how many bunnies—we mean monies—they can pull out of their hats. Stop by the credit during National Credit Union Youth Week and open your child a savings account and start showing them how they can make their money grow!

# IRA Safe Place

Experts recommend that you diversify your individual retirement account (IRA) investments. Let a credit union IRA certificate be the “safe place” in your IRA portfolio. That’s because a credit union IRA certificate is an insured investment.

We offer all types of IRAs from Traditional to Roth IRAs. If you’re not sure which type is best for you, we can help you sort through the facts. You’ll find our rates competitive and our staff friendly and helpful. Then, you can rest assured knowing your IRA is safe.

Contact the credit union today for more information on which IRA is best for you.
