IRA Safe Place

Experts recommend that you diversify your individual retirement account (IRA) investments. Let a credit union IRA certificate be the “safe place” in your IRA portfolio. That’s because a credit union IRA certificate is an insured investment.

We offer all types of IRAs from Traditional to Roth IRAs. If you’re not sure which type is best for you, we can help you sort through the facts. You’ll find our rates competitive and our staff friendly and helpful. Then, you can rest assured knowing your IRA is safe.

Contact the credit union today for current rates and more information on which IRA is best for you.
